

# DIN, ISO & SPECIAL SCREWS

MADE IN GERMANY

## OUR COMPANY

We are a leading manufacturer of wood screws, metric screws, chipboard screws, special screws and cold formed parts made of steel, stainless steel, brass and aluminium. Our dimensions range from 2.5 to 10 mm in diameter with a maximum length of 140 mm.

Our products have been known for their “Made in Germany” quality since 1946 and are used in various applications, including in crafts and construction, in electronics, in mechanical engineering and vehicle construction. Our high quality standards are also documented by our ISO 9001:2015 certification.

Our **production** is characterized by intelligent order planning, digitized machines and our own tool making, thus enabling maximum flexibility and speed.

## YOUR ADVANTAGES AS A CLIENT

### **We ensure your product availability:**

Many of our products are permanently available and can be delivered quickly. If the desired product is not in stock, production and delivery is possible within 3 weeks.

### **We offer you a competitive advantage through our favorable purchasing conditions:**

Whether large or small batch sizes (e.g., 1.000 pieces), we offer excellent quality at attractive prices.

### **We fulfill your wishes:**

Our own production facility allows us to quickly and flexibly respond to your individual requirements.

### **We are your reliable partner in the middle of Europe:**

Our local production enables short, reliable delivery routes and, of course, meets all the requirements of the Supply Chain Due Diligence Act (LkSG) and the CBAM regulation

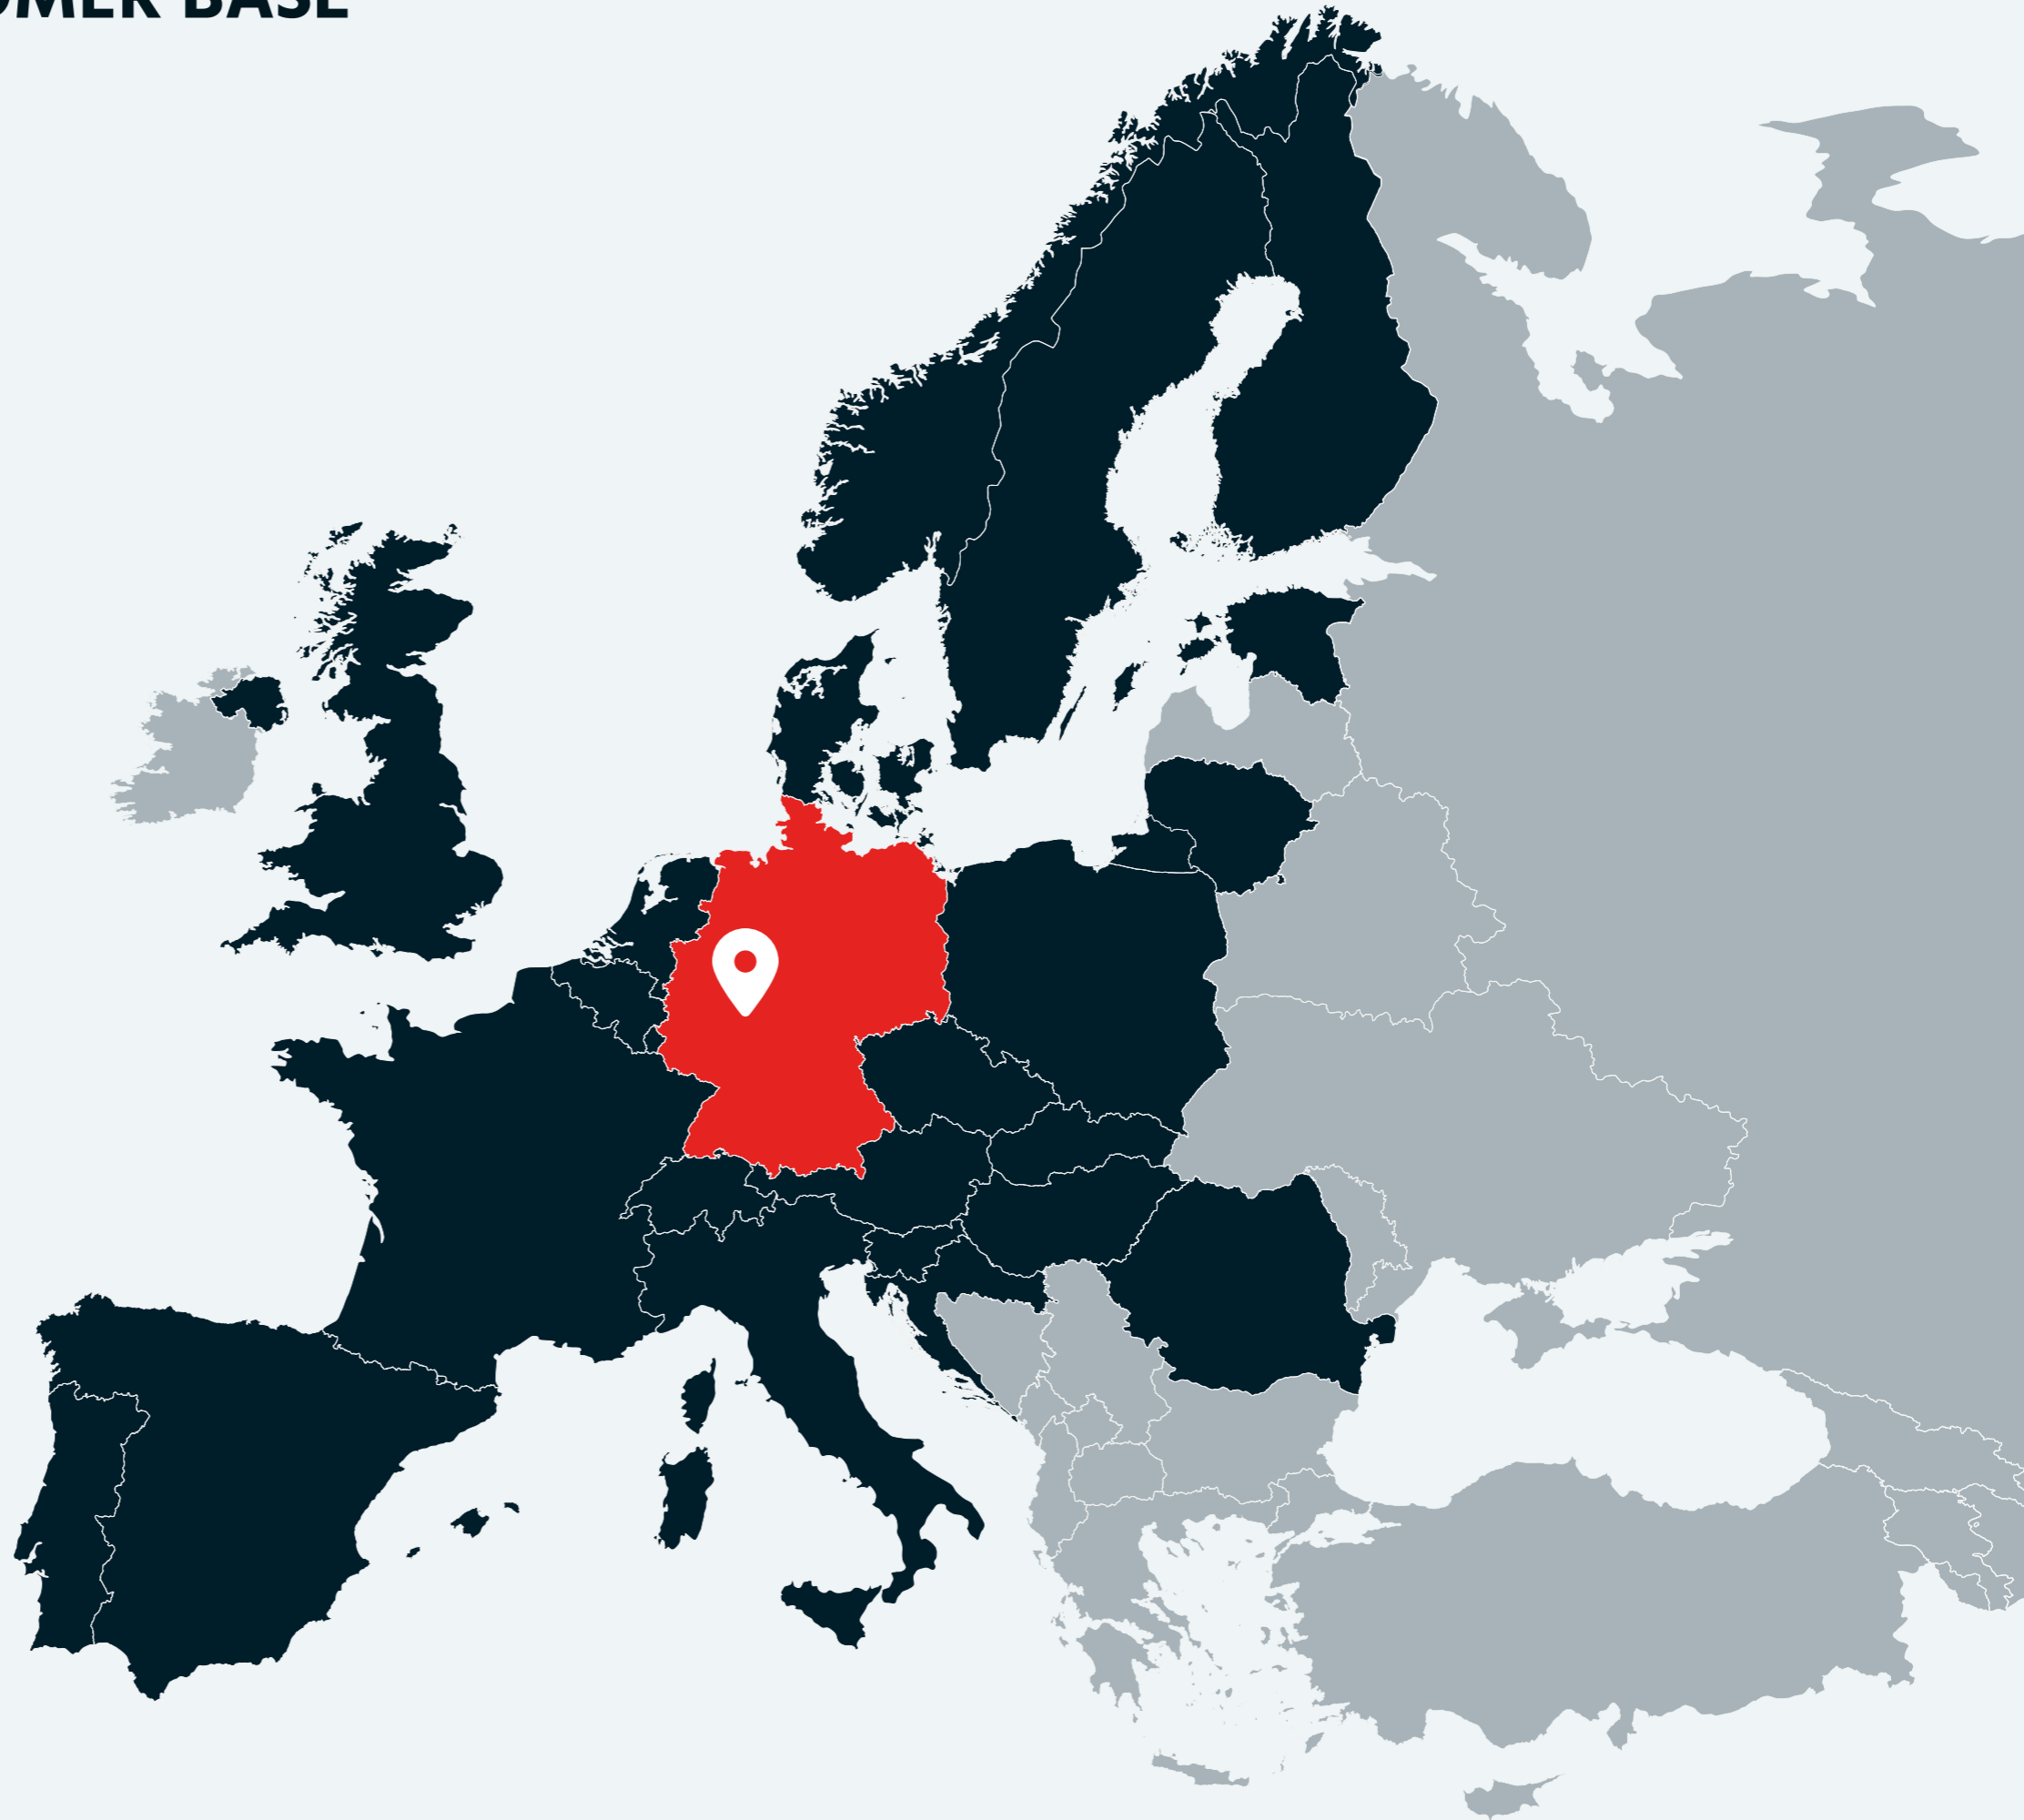

# INTERNATIONAL CUSTOMER BASE

We are the **pan-European** point of contact for high quality screws and deliver to over **25 countries**.

**> 20%** of our sales come from export business.

Uncomplicated, fast and reliable delivery.

# SELECTED REFERENCES

# CUSTOMER OPINIONS

**Linda Zuck · Procurement · Würth Industrie Service GmbH & Co. KG:**

“Our valued supplier Screw Factory Schmidt GmbH is not only a reliable partner, but also a true benchmark for outstanding quality and excellent service. Their products and support have contributed significantly to our increasing success and satisfy our customers. We are proud to work together and value the exceptional partnership we have built up over the years.”

**Fabian Mahler · Operational Procurement · Böllhoff GmbH:**

“Screw Factory Schmidt GmbH has been a very reliable and valued partner for many years. In addition to the very high product quality, we particularly appreciate their high flexibility. For example, the Screw Factory Schmidt GmbH was able to deliver to one of our Kanban customers within 1 week and to close further gaps at short notice when a delivery from Asia did not reach us.”

**Thomas Kronz · Category Purchaser · suki.international GmbH:**

“We have been working with the Screw Factory Schmidt GmbH for decades and are very satisfied with their products. They offer good prices and first-class quality. We estimate their quick processing of inquiries and their short delivery times. We can only recommend Screw Factory Schmidt and we look forward to further cooperate.”

**Patrick Molitor · Head of Procurement · KPO Schrauben und Normteile GmbH:**

“The 30-year partnership between KPO and Screw Factory Schmidt has contributed to the company success of both parties. Especially in difficult times, when supply chains no longer worked, we were able to rely on the Screw Factory Schmidt. We value the business relationship and hope to continue working together.”

**Maik Steffen · Team Lead Procurement · Joseph Dresselhaus GmbH & Co. KG:**

“What we particularly appreciate about the Screw Factory Schmidt is the quick response times, reliability in delivery and quality as well as quick processing of inquiries, if necessary – all of this at attractive conditions.”

# OUR PRODUCT RANGE

## dimensions

wood screws:

2,5 x 8 to 8 x 120;

with longitudinal slot up to length of max. 100 mm

metric screws:

M3 x 8 to M8 x 140;

M10 x 16 to M10 x 100;

with longitudinal slot

up to length of max. 100 mm

For screws with capped head

(e.g. DIN 7985) up to length of max.

120 mm

All types of finishes and varnishing are possible.

We will be happy to send you the following test certificates and reports for our products:

- ▶ Surface test certificate
- ▶ Hardness test certificate
- ▶ Material test certificate
- ▶ Breaking torque test
- ▶ Initial sample test report (EMPB)
- ▶ 3.1 certificate
- ▶ Salt water spray test
- ▶ ETA approval

The products we supply comply, among others, with the directives and regulations below.

We would be happy to provide you with the relevant confirmations:

- ▶ REACH Regulation
- ▶ RoHS Directive
- ▶ Russia embargo Regulation (EU) No. 833/2014
